May 19, 2006

**UPDATE APRIL 2007: SENTENCING FOR ALL DEFENDANTS LISTED BELOW**

Local, state and federal law enforcement agencies recently ended a yearlong investigation into potentially violent narcotics trafficking group in eastern Jackson County. The investigation culminated with the arrest of eight individuals who are charged with a variety of criminal acts. It is alleged that the members of the group conspired to distribute methamphetamine throughout the area. It is further alleged that some members engaged in counterfeiting, forgery and identity theft. The lengthy investigation also led to the recovery of a firearm that was in possession of a convicted felon.

Federal charges, twelve counts, have been filed by the US Attorney against the eight individuals. The investigation will continue with more arrests possible.

The success of the large scale investigation is attributed to the cooperative effort of the following area law enforcement agencies: Lee's Summit Police; Jackson County Drug Task Force; Independence Police Department; Kansas City, Missouri Police Department; Raytown Police Department; Raymore Police Department; Missouri State Highway Patrol; Bureau of Alcohol, Tobacco and Firearms; Immigration and Customs Enforcement; United States Secret Service and the United States Attorney's Office
